

1215 Daly Road | \$1,279,000

Welcome to Shangri-La! Don't miss out on the opportunity to move right in and enjoy upscale Ojai living in this remodeled three-bedroom home near downtown. This renovated contemporary classic is a must see with forward-thinking design that permeates the entire property. The 2018 renovation included functional improvements, such as all new waterlines, HVAC, windows, drywall and roof, as well as upgraded finishes, such as marble and French oak flooring, seven-inch baseboards, marble counter tops, and custom, hand-picked glass tiles. Every detail has been considered, so all you need to do is move in and start hitting the nearby hiking trails, enjoying the mountain view from your covered front porch, and bringing home produce from the farmers market to prepare meals on your Viking six-burner range. You can also purchase the furnishings along with the home, which makes your new lifestyle even more turnkey.
